Researchers visit energy communities in Paraíba

Researchers from CPTen, Júlio Amstalden and Maria Ester Dal Poz, visited the State of Paraíba from March 17 to 21 to learn about experiences of energy communities in rural areas of the semi-arid region. The trip included the participation of Walmeram Trindade Junior, a professor at the Federal Institute of Paraíba, who also collaborates with the Renewable Energy Committee of the Semi-arid Region (CERSA), as well as other faculty members from the Paraíba State University.

Experiences are shared during the Energia Limpa, Vida Sustentável Project workshop

Members of the São Paulo Center for Energy Transition Studies (CPTen) participated in the 3rd roundtable at the "Energia Limpa, Vida Sustentável" Project first workshop on May 10. Promoted by Professor Artionka Capiberibe, from the Institute of Philosophy and Human Sciences (IFCH) at Unicamp, the event aimed to showcase the results achieved after the first year of the interdisciplinary project developed by the University in partnership with the Federal Universities of Amapá (UNIFAP) and Western Pará (UFOPA).
